- (a) As used in W.S. 28-7-101 through 28-7-104 “lobby” or “as a lobbyist” means to attempt to influence legislation.
- (b) Any person, who, on behalf of any association, corporation, labor union, public, nonprofit or private special interest group or any interest other than personal, is receiving or has a reasonable expectation of receiving expense, reimbursement or compensation in excess of five hundred dollars (\$500.00) in a reporting period defined under W.S. 28-7-201(c), as a lobbyist shall, before, or within forty-eight (48) hours of, commencing lobbying activities during a reporting period as defined under W.S. 28-7-201(c), register with the secretary of state. The secretary of state shall collect a registration fee of seventy-five dollars (\$75.00) at time of registration, which shall be deposited with the state treasurer to be placed in the general fund. Any person who is not receiving or has no reasonable expectation of receiving expense reimbursement or compensation in excess of five hundred dollars (\$500.00), or who shall receive no compensation beyond travel and per diem expenses for lobbying activities under this chapter shall pay a registration fee of ten dollars (\$10.00) to the secretary of state at the time of registration. Registration shall state:
  - (i) The name and business address of the individual registering;
  - (ii) The name and business address of the association, corporation, labor union, public, nonprofit or private special interest group which the person represents.
- (c) Not later than March 1 of each year the secretary of state shall make available a report of the registrations to all duly elected members of the house of representatives, the senate, state elected officials and any other person requesting a copy of the report.

### 28-7-102. Penalties.

- (a) Any person or individual failing to register as a lobbyist with the secretary of state shall be guilty of a misdemeanor subject to a fine of not more than two hundred dollars (\$200.00).
- (b) Any person or organization failing to file a lobbyist activity report required under this section or who files a lobbyist activity report containing information which the lobbyist knows to be false is guilty of a misdemeanor punishable by a fine of not more than seven hundred fifty dollars (\$750.00). Upon a second or subsequent conviction under this section, any person or organization shall have his right to be a registered lobbyist revoked by the secretary of state for a period of up to two (2) years in addition to any fine.

### **28-7-103. No infringement of right to petition or communicate with legislature.**

Nothing in the provisions of this act [§28-7-101 through 28-7-104] shall be construed to prohibit or infringe upon the right of a citizen as an individual to petition or to address written or oral communications to members of the legislature.

### **28-7-104. Chapter inapplicable to public official.**

This act [§28-7-101 through 28-7-104] shall not apply to any public official acting in his official capacity.

### **28-7-201. Lobbyist activity reports; contents, form and filing requirements; penalties.**

- (a) As used in this section "lobby" or "as a lobbyist" means to attempt to influence legislation.
- (b) Except as provided in subsection (f) of this section, any person or organization who is registered under W.S. 28-7-101 as a lobbyist shall file a lobbyist activity report with the secretary of state which complies with this subsection. Any organization which employs a lobbyist shall report the information required by subsections (d) and (e) of this section unless this information is reported by the lobbyist. The organization and the lobbyist may make a joint report and the lobbyist may report on behalf of the organization.
- (c) Lobbyist activity reports required under this section shall be filed electronically or otherwise annually no later than June 30 for activities during the preceding year May 1 through April 30.
- (d) Each lobbyist activity report shall contain a listing of the lobbyist's sources of funding, each loan, gift, gratuity, special discount or hospitality paid or given, as defined by rules and regulations, to or on behalf of any legislator, state elected official or state employee acting in his official capacity which exceeds fifty dollars (\$50.00) in value identified by date, amount and the name of the legislator, state elected official or state employee.
- (e) Special events, including receptions, meals, entertainment, attendance at athletic events and other functions, to which members of the legislature, of either house of the legislature, of any committee of the legislature or any regional legislative delegation have been invited shall be included in the report required under this section. The total expenses of activities reported pursuant to this subsection shall be reported by event or function not by individual legislator. The report shall specify the group of legislators invited but is not required to specify the names of individual legislators. Informational publications and other printed materials used for legislative purposes are not reportable under this act.
- (f) If the amount of expenses reportable under subsections (d) and (e) of this section is less than five hundred dollars (\$500.00), no lobbyist activity report is required.

- (g) Funding provided by any person or on behalf of the employer of the person to defray the cost of a meeting of any national or regional legislative organization shall not be reported. Any loan, gift, gratuity, special discount or hospitality paid or given to a bona fide charity or to defray the cost of a bona fide charitable event shall not be reported.
- (h) Lobbyist activity reports shall be made in the manner and form prescribed by the secretary of state and shall be open to public inspection. If a named legislator, state elected official or state employee disagrees with the report, the legislator, state elected official or state employee may file a written objection to the report with the secretary of state which objection shall be attached as an addendum to the report filed with the secretary of state. The secretary of state shall promulgate rules and regulations to implement this act. The rules, regulations and forms shall be designed to ensure maximum compliance.
- (i) Amendments to a lobbyist activity report may be filed with the secretary of state at any time. If inaccuracies are found in the report filed or additional amounts required to be reported occur or become known after the report is filed, amendments to the original report or additional reports shall be filed within a reasonable time not to exceed ninety (90) days from the time the inaccuracies or additional receipts or expenditures became known. If the total amount required to be reported is less than five hundred dollars (\$500.00), including the original reported amount, an amendment need not be filed.
- (k) Notwithstanding W.S. 22-24-201(d) and in addition to the lobbyist activity report that may be required under this section, any group of persons which, through a private or public association, raises, collects or spends money for paid advertising in any communication medium or for printed literature to support, oppose or otherwise influence state legislation in the state of Wyoming shall file with the secretary of state a statement of applicable receipts and expenditures.

## Capitol Club Helpful “How-To-Lobby” Tips

1. **NEVER** interrupt a lobbyist who is having a conversation with a legislator or elected official – **EVER**.
2. Notes may be sent into individual legislators by utilizing paper provided in the lobby. If at all possible, do not leave the lobby until the legislator you have contacted responds, if a response was requested.
3. If you testify before a committee, clearly state your name, organization, and concisely state your position. Always address committee members through the Chairman. Address the Chairman and Committee members by their titles of “Chairman”, “Senator” and “Representative”.
4. Turn cell phone ringers OFF prior to entering the gallery or any committee meeting.
5. Maintain respectful and courteous relations with staff members of the Wyoming Legislature.
6. Be sure all information you provide is accurate and honest. If you do not know the answer to a question, inform the legislator you will get back to them with an answer as quickly as possible.
7. Wyoming legislative sessions are very short. Keep your contact brief. Legislator’s time is at a premium. Respect it!
8. If you have not been personally invited to a legislative event, you should not attend.
9. **NEVER** interrupt a lobbyist who is having a conversation with a legislator or elected official – **EVER**. It’s so important, it’s worth mentioning twice!

*Let's turn the answers on.*
